About This Game

It's time to attack, the barbarian invade different parts of the world and it's your job to kill all of them. Leave no one alive.

Walk through the entire land to face and defeat the barbarians, be careful to not get much hurt, you don't have time to heal your wounds or potions to use, there's a lot of barbarians that you not think twice to attack when they see you.

The only objects that you carry is your sword (to beat your enemies) and your shield (to block attacks).

Barbarian Souls got inspiration from the combat system of Dark Souls, a very simplified version of combat system of Dark Souls. Approach enemies with careful, otherwise they will kill you easily.

This is an action game that you must fight to survive, defend or avoid enemy blows and attack in the right time.

In this game you must defend and evade to be able to success your missions. If you don't use your shield to defend OR your legs to avoid enemy attacks, you will be no match for your enemies.

Travel through different environments, forests, deserts, mountains, castles, villages and much more.

Begin your journey to conquer the world.

English

no story and almost no sounds, i finished the game except for the last level which has a giant hole leaving it incompeetable. it is not very fun and it does not have a story so it seems completely pointless.
